PRIMARY EXAMINER

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 18, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device having the width of the external terminal is equal to or less than the width of the electrode side face. Regarding claim 19, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device wherein when a length dimension of the electronic device is $L1$ and a separation distance between the external connection part and a bottom surface of the main body is D , the value of $D/L1$ falls in range of 0.025 to 0.600. Regarding claim 21, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device having the electrode connection part of the external terminal further comprise a top surface connection piece to be connected to the electrode top surface of the terminal electrode. Regarding claims 24 and 26, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device having $W0/T$ is in a range of 0.8 to 1.2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
